

POSITIVE INDIAN PARENTING

PIP is an 8 -week curriculum, developed by the National Indian Child Welfare Association, that provides practical and culturally specific training for American Indian and Alaska Native Parents. The training helps parents explore the values and attitudes expressed in traditional AI/AN child-rearing practices and apply them to modern parenting. The curriculum draws on the strengths of traditional Indigenous parenting practices using storytelling, cradleboard, harmony, lessons of nature, behavior management, and the use of praise. It also addresses the historic impact of boarding schools, intergenerational trauma and grief, and forced assimilation of parenting; it empowers Indigenous families to reclaim their right to their heritage to be positive parents.
