## OUR COMMITMENT TO YOUR PRIVACY:

Each time you visit our practice, a record of your visit is made. Typically, this medical record contains your symptoms, examination and test results, diagnoses, treatment, a plan for future care or treatment, and billing-related information. This Notice applies to all identifiable protected health information ("protected health information") in the medical records of your care generated by our practice. SDUIH is dedicated to maintaining the privacy of your protected health information. We are required by law to maintain the confidentiality of protected health information that identifies you. We also are required by law to provide you with this Notice of our legal duties and the privacy practices that we maintain in our practice concerning your protected health information. By federal and state law, we must follow the terms of the Notice that we have in effect at the time.

We realize that these laws are complicated, but we must provide you with the following important information:

- How we may use and disclose your protected health information;
- Your privacy rights in your protected health information; and
- Our obligations concerning the use and disclosure of your protected health information.

The terms of this Notice apply to all records containing your protected health information that are created or retained by our practice. We reserve the right to revise or amend this Notice. Any revision or amendment to this Notice will be effective for all of your records that our practice has created or maintained in the past, and for any of your records that we may create or maintain in the future. Our practice will post a copy of our current Notice in our offices in a visible location at all times, and you may request a copy of our most current Notice at any time.

## WE MAY USE AND DISCLOSE YOUR PROTECTED HEALTH INFORMATION IN THE FOLLOWING WAYS:

We collect protected health information from you through treatment, payment and related healthcare operations, the application and enrollment process, and/or healthcare providers or health plans, or through other means, as applicable. Your protected health information broadly includes any past, present and future healthcare information. Your protected health information includes any information that is created or received through oral, written or electronic communications by certain health care entities, including health care providers, such as physicians and hospitals, as well as, health insurance companies or plans. The law specifically protects health information that contains data consisting of identifiers described in the HIPAA Privacy rule including but not limited to your name, address, social security number, date of birth and others that could be used to identify you as the individual patient who is associated with that health information.

## USES OR DISCLOSURES OF YOUR PROTECTED HEALTH INFORMATION:

The following describe the different ways in which we may use and disclose your protected health information.

1) Treatment. We may use your protected health information to treat you. For example, we may ask you to have laboratory tests (such as blood or urine tests), and we may use the results to help us reach a diagnosis. We might use your protected health information in order to write a prescription for you, or we might disclose your protected health information to a pharmacy when we order a prescription for you. Many of the people who work for our practice - including, but not limited to, our doctors and nurses - may use or disclose your protected health information in order to treat you or to assist others in your treatment. Additionally, we may disclose your protected health information to others who may assist in your care, such as your spouse, children or parents.

2) Payment. Our practice may use and disclose your protected health information in order to bill and collect payment for the services and items you may receive from us. For example, we may contact your health insurer to certify that you are eligible for benefits (and for what range of benefits), and we may provide your insurer with details regarding your treatment to determine if your insurer will cover, or pay for, your treatment. We also may use and disclose your protected health information to obtain payment from third parties that may be responsible for such costs, such as your family members. Also, we may use your protected health information to bill you directly for services and items.

3) Health Care Operations. Our practice may use and disclose your protected health information to operate our business. As examples of the ways in which we may use and disclose your information for our operations, our practice may use your protected health information to evaluate the quality of care you received from us, or to conduct cost-management and business planning activities for us.

4) Release of Information to Family/Friends. Our practice may release your protected health information to a friend or family member that is involved in your care, or who assists in taking care of you. For example, a parent or guardian may ask that a babysitter take their child to the pediatrician's office for treatment of a cold. In this example, the babysitter may have access to such child's medical information. These authorizations must be in writing from the parent/guardian.

5) Disclosures Required By Law. Our practice may use and disclose your protected health information when we are required to do so by federal, state, local or any other law not already referred to in this Notice.

6) Treatment Alternatives. We may use and disclose your protected health information to manage and coordinate your healthcare and inform you of treatment alternatives that may be of interest to you. This may include telling you about treatments, services, products and/or other healthcare providers.

7) Appointment Reminders. We may use and disclose your protected health information to provide a reminder to you about an appointment you have for treatment or care at SOUTH DAKOTA URBAN INDIAN HEALTH.

However, to protect your protected health information, we require these third party business associates to appropriately safeguard your protected health information.

9) All Other Situations, With Your Specific Authorization. Except as otherwise permitted or required, as described above, we may not use or disclose your protected health information without your written authorization. Further, we are required to use or disclose your protected health information consistent with the terms of your authorization. You may revoke, in writing, your authorization to use or disclose any protected health information at any time, except to the extent that we have taken action in reliance on such authorization, or, if you provided the authorization as a condition of obtaining insurance coverage and the law provides the insurer with the right to contest a claim under the policy. Further, we will be unable to take back any disclosures we have previously made based upon your written authorization.

We will not accept a request to restrict uses or disclosures that are otherwise required by law. You have the following rights regarding the protected health information that we maintain about you:

1) Right to Request Restrictions on Use or Disclosure. You have the right to request restrictions on certain uses and disclosures of your protected health information about yourself. You may request restrictions on the following uses or disclosures: (a) to carry out treatment, payment, or healthcare operations; (b) disclosures to family

members, relatives, or close personal friends of protected health information directly relevant to your care or payment related to your health care, general condition, or death; (c) instances in which you are not present or your permission cannot practicably be obtained due to your incapacity or an emergency circumstance; (d) permitting other persons to act on your behalf to pick up filled prescriptions, medical supplies, X-rays, or other similar forms of protected health information; or (e) disclosure to a public or private entity authorized by law or by its charter to assist in disaster relief efforts.

2) Right to Request Restriction on Disclosures to Health Plans for Services Paid for in Full at Time of Service. 3) Confidential Communications. You have the right to request that our practice communicate with you about your health and related issues in a particular manner or at a certain location. For instance, you may ask that we contact you at home, rather than work. In order to request a type of confidential communication, you must make a written request to SOUTH DAKOTA URBAN INDIAN HEALTH specifying the requested method of contact, or the location where you wish to be contacted. Our practice will accommodate reasonable requests.

4) Requesting Restrictions. You have the right to request a restriction in our use or disclosure of your protected health information for treatment, payment or health care operations. We are not required to agree to your request; however, if we do agree, we are bound by our agreement except when otherwise required by law, in emergencies, or when the information is necessary to treat you. In order to request a restriction in our use or disclosure of your protected health information, you must make your request in writing and your request must describe in a clear and concise fashion:

- the information you wish restricted
- whether you are requesting to limit our practice's use, disclosure or both
- to whom you want the limits to apply.

5) Inspection and Copies. You have the right to inspect and obtain a copy of the protected health information that may be used to make decisions about you, including patient medical records and billing records, but not including psychotherapy notes. You must submit your request in writing to SOUTH DAKOTA URBAN INDIAN HEALTH in order to inspect and/or obtain a copy of your protected health information.

We charge a fee for the costs of copying, mailing, labor and supplies associated with your request. We may deny your request to inspect and/or copy in certain limited circumstances; however, you may request a review of our denial. Another licensed health care professional chosen by us will conduct reviews. Your designated record set is a group of records we maintain that includes medical records and billing records about you, or enrollment, payment, claims adjudication, and case or medical management records systems, as applicable. You have the right of access in order to inspect and obtain a copy your protected health information contained in your designated record set, except for (a) psychotherapy notes, (b) information compiled in reasonable anticipation of, or for use in, a civil, criminal, or administrative action or proceeding, and (c) health information maintained by us to the extent to which the provision of access to you would be prohibited by law. We may require written requests. We must provide you with access to your protected health information in the form or format requested by you, if it is readily producible in such form or format, or, if not, in a readable hard copy form or such other form or format. We may provide you with a summary of the protected health information requested, in lieu of providing access to the protected health information or may provide an explanation of the protected health information to which access has been provided, if you agree in advance to such a summary or explanation and agree to the fees imposed for such summary or explanation. We will provide you with access as requested in a timely manner, including arranging with you a convenient time and place to inspect or obtain copies of your protected health information or mailing a copy to you at your request. We will discuss the scope, format, and other aspects of your request for access as necessary to facilitate timely access. If you request a copy of your protected health information or agree to a summary or explanation of such information, we may charge a reasonable cost-based fee for copying, postage, if you request a mailing, and the costs of preparing an explanation or summary as agreed upon in advance.

We reserve the right to deny you access to and copies of certain protected health information as permitted or required by law. We will reasonably attempt to accommodate any request for protected health information by, to the extent possible, giving you access to other

protected health information after excluding the information as to which we have a ground to deny access. Upon denial of a request for access or request for information, we will provide you with a written denial specifying the legal basis for denial, a statement of your rights, and a description of how you may file a complaint with us. If we do not maintain the information that is the subject of your request for access but we know where the requested information is maintained, we will inform you of where to direct your request for access. If your protected health information is maintained in an electronic format (known as an electronic medical record or an electronic health record), you have the right to request that an electronic copy of your record be given to you or transmitted to another individual or entity. We will make every effort to provide access to your protected health information in the form or format you request, if it is readily producible in such form or format. If the protected health information is not readily producible in the form or format you request your record will be provided in either our standard electronic format or if you do not want this form or format, a readable hard copy form. We may charge you a reasonable, cost-based fee for the labor associated with transmitting the electronic medical record.

6) Amendment. You have the right to request that we amend your protected health information or a record about you contained in your designated record set, for as long as the designated record set is maintained by us. To request an amendment, your request must be made in writing and submitted to SOUTH DAKOTA URBAN INDIAN HEALTH. You must provide us with a reason that supports your request for amendment. Our practice will deny your request if you fail to submit your request (and the reason supporting your request) in writing. We have the right to deny your request for amendment, if: (a) we determine that the information or record that is the subject of the request was not created by us, unless you provide a reasonable basis to believe that the originator of the information is no longer available to act on the requested amendment, (b) the information is not part of your designated record set maintained by us, (c) the information is prohibited from inspection by law, or (d) the information is accurate and complete. We may require that you submit written requests and provide a reason to support the requested amendment. If we deny your request, we will provide you with a written denial stating the basis of the denial, your right to submit a written statement disagreeing with the denial, and a description of how you may file a complaint with us or the Secretary of the U.S. Department of Health and Human Services ("DHHS"). This denial will also include a notice that if you do not submit a statement of disagreement, you may request that we include your request for amendment and the denial with any future disclosures of your protected health information that is the subject of the requested amendment. Copies of all requests, denials, and statements of disagreement will be included in your designated record set. If we accept your request for amendment, we will make reasonable efforts to inform and provide the amendment within a reasonable time to persons identified by you as having received protected health information of yours prior to amendment and persons that we know have the protected health information that is the subject of the amendment and that may have relied, or could foreseeably rely, on such information to your detriment. All requests for amendment shall be sent to SOUTH DAKOTA URBAN INDIAN HEALTH.

7) Accounting of Disclosures. All of our patients have the right to request an "accounting of disclosures." An "accounting of disclosures" is a list of certain non-routine disclosures our practice has made of your protected health information for non-treatment or operations purposes. Use of your protected health information as part of the routine patient care in our practice is not required to be documented. We are not required to provide accountings of disclosures for the following purposes: (a) treatment, payment, and healthcare operations, (b) disclosures pursuant to your authorization, (c) disclosures to you, (d) disclosures to a facility directory or to persons involved in your care, (e) disclosures for national security or intelligence purposes, and (f) disclosures to correctional institutions. We reserve our right to temporarily suspend your right to receive an accounting of disclosures to health oversight agencies or law enforcement officials, as required by law. We will provide the first accounting to you in any twelve (12) month period without charge, but will impose a reasonable cost-based fee for responding to each subsequent request for accounting within that same twelve (12) month period. In order to obtain an accounting of disclosures, you must submit your request in writing to SOUTH DAKOTA URBAN INDIAN HEALTH. All requests for an "accounting of disclosures" must state a time period, which may not be longer than six (6) years from the date of disclosure. The first list you request within a 12-month period is free of charge, but our practice may charge you for additional lists within the same 12-month period. Our practice will notify you of the costs involved with additional requests, and you may withdraw your request before you incur any costs.
